**NEW MEXICO
HEALTH EQUITY PARTNERSHIP**

Introducing the New Mexico Health Equity Partnership's New Brand and Location!

We're excited to reveal the New Mexico Health Equity Partnership's new brand and location.

The updated brand illustrates the evolution of the New Mexico Health Equity Partnership since it was established in 2012 and reflects our mission, vision, values, and strategic direction moving forward.

We wanted the brand to reflect the knowledge, expertise, and resiliency of New Mexico's communities and the power we collectively hold to identify creative solutions to transform the conditions where we live, work, and play into healthy spaces.

Our new logo mirrors a tapestry. The tapestry illustrates the unique strengths, interconnectivity and relationships of the diverse community members and organizations working across issues in rural, urban, tribal and border areas that make up the New Mexico Health Equity Partnership.

Our network provides a structure for community to join together to:

- to address structural and institutionalized inequities based on race, class, gender and geography;
- strengthen **leadership skills**; and
- **advocate for policy change**.

Along with the new logo, our bi-monthly newsletter has a new look and our [website](#) will reflect the new branding soon. Please sign up for our newsletter [here](#).

In addition to the introduction of our new brand, the New Mexico Health Equity Partnership team has moved physical locations. We are now located at 117 N Guadalupe St # D, Santa Fe, NM 87501

Thank you to everyone for your continued partnership in advancing health equity in New Mexico!
